BioOne Complete (complete.BioOne.org) is a full-text database of 200 subscribed and open-access titles in the biological, ecological, and environmental sciences published by nonprofit societies, associations, museums, institutions, and presses.

Your use of this PDF, the BioOne Complete website, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at www.bioone.org/terms-of-use.

Usage of BioOne Complete content is strictly limited to personal, educational, and non - commercial use. Commercial inquiries or rights and permissions requests should be directed to the individual publisher as copyright holder.

BioOne sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to critical research.

Reviewers for The Auk 2012

The Auk 129(4):799–800, 2012

The review process is essential to the maintenance of high scientific standards in a journal. The efforts of individual reviewers are remarkable, and we take this opportunity to acknowledge publicly those who contributed reviews during the period that Volume 129 was in preparation (reviews completed between 1 July 2011 and 30 June 2012). Individuals who reviewed two or more manuscripts are signified by an asterisk. We also acknowledge the hard work of the Associate Editors, listed on the inside of the front cover of *The Auk*, whose impartial assessments of the manuscripts and the reviewers' comments provided the basis for their recommendations to the Editor. Memorials and book reviews were solicited and managed by Alan H. Brush and R. Todd Engstrom, respectively.
