REVIEW

Diurnal and Nocturnal Birds Vocalize at Night: A Review	
VAN T. LA	245

RESEARCH PAPERS

A Century of Avian Community Turnover in an Urban Green Space in Northern California	
ALLISON J. SHULTZ, MORGAN W. TINGLEY, AND RAURI C. K. BOWIE	258
Influence of Patch Size and Shape on Occupancy by Shrubland Birds	
COREY S. SHAKE, CHRISTOPHER E. MOORMAN, JASON D. RIDDLE, AND MICHAEL R. BURCHELL II	268
Diversity, Community Structure, and Niche Characteristics within a Diurnal Raptor Assemblage of Northwestern Peru	
RENZO P. PIANA AND STUART J. MARSDEN	279
The Effect of Kleptoparasitic Bald Eagles and Gyrfalcons on the Kill Rate of Peregrine Falcons Hunting Dunlins Wintering in British Columbia	
DICK DEKKER, MARINDE OUT, MIECHEL TABAK, AND RONALD YDENBERG	290
Within-Year Survival of Nonbreeding Crested Caracaras	
JAMES F. DWYER, JAMES D. FRASER, AND JOAN L. MORRISON	295
Migration and Over-Wintering of Red Knots (<i>Calidris canutus rufa</i>) along the Atlantic Coast of the United States	
JOANNA BURGER, LAWRENCE J. NILES, RONALD R. PORTER, AMANDA D. DEY, STEPHANIE KOCH, AND CALEB GORDON	302
The Breeding Biology of the Northern Pygmy-Owl: Do the Smallest of the Small Have an Advantage?	
JOHN F. DESHLER AND MICHAEL T. MURPHY	314
Vocal and Visual Conspecific Cues Influence the Behavior of Chimney Swifts at Provisioned Habitat	
LEAH FINITY AND JOSEPH J. NOCERA	323
Courtship Displays and Sonations of a Hybrid Male Broad-tailed × Black-chinned Hummingbird	
CHRISTOPHER J. CLARK, TERESA J. FEO, AND KELLY B. BRYAN	329
Reevaluating the Cost of Natal Dispersal: Post-Fledging Survival of Red-bellied Woodpeckers	
ALLISON S. COX AND DYLAN C. KESLER	341
Foraging-Habitat Selection of Black-backed Woodpeckers in Forest Burns of Southwestern Idaho	
JONATHAN G. DUDLEY, VICTORIA A. SAAB, AND JEFFREY P. HOLLENBECK.	348
Parents or Predators: Examining Intraseasonal Variation in Nest Survival for a Migratory Passerine	
ROBIN HIRSCH-JACOBSON, W. ANDREW COX, EMILY E. TEWES, FRANK R. THOMPSON III, AND JOHN FAABORG	358
Assessing the Distributions and Potential Risks from Climate Change for the Sichuan Jay (<i>Perisoreus internigrans</i>)	
NAN LU, YU JING, HUW LLOYD, AND YUE-HUA SUN	365
Clutch Investment in the Chilean Swallow (<i>Tachycineta meyeni</i>) Shifts with Time of Breeding and Position in the Sequence of Laying	
MARCELA LILJESTHRÖM, CAREN COOPER, AND JUAN C. REBOREDA	377
Opportunistic Use of a Wool-like Artificial Material as Lining of Tit (Paridae) Nests	
JOANNE SURGEY, CHRISTOPHER R. DU FEU, AND D. CHARLES DEEMING	385

Low Levels of Extra-Pair Paternity in a Neotropical Duetting Songbird, the Rufous-and-white Wren (<i>Thryothorus rufalbus</i>)	
SARAH B. DOUGLAS, DANIEL D. HEATH, AND DANIEL J. MENNILL	393
Nest Attendance and Reproductive Success in the Wood Thrush	
MELISSA L. EVANS AND BRIDGET J. M. STUTCHBURY	401
Juvenal Plumage Polymorphism in Yellow Warblers Is Not Associated with Sex	
VANYA G. ROHWER, FRANCES BONIER, AND PAUL R. MARTIN.	407
Relative Consistency in Size, Shape, and Coloration of Savannah Sparrow Eggs within and between Breeding Seasons	
NATHANIEL T. WHEELWRIGHT, EVAN S. GRAFF, AND D. RYAN NORRIS	412
Winter Survivorship and Site Fidelity of Nelson's, Saltmarsh, and Seaside Sparrows in North Carolina	
VIRGINIA L. WINDER, ADRIANE K. MICHAELIS, AND STEVEN D. EMSLIE	421

BOOK REVIEWS

Living on the Edge: Wetlands and Birds in a Changing Sahel, by L. Zwarts, R. Bijlsma, J. van der Kamp, and E. Wymenga	
WILL CRESSWELL	430
The Flexible Phenotype: A Body-Centred Integration of Ecology, Physiology, and Behavior, by Theunis Piersma and Jan A. van Gils	
SCOTT R. MCWILLIAMS AND ULF BAUCHINGER	432

THE CONDOR ONLINE: Access the Cooper Ornithological Society's website, www.cooper.org, to find tables of contents and abstracts for issues from February 2001 through the forthcoming issue, in English and Spanish. The COS website also provides prospective authors with current instructions for authors.

Pairs of the Rufous-and-white Wren (*Thryothorus rufalbus*) are renowned for singing tightly coordinated duets. Molecular analysis reveals rates of extra-pair paternity in the Rufous-and-white Wren and other duetting species lower than in other socially monogamous but nonduetting tropical songbirds, suggesting that duetting and low levels of extra-pair paternity are related. Photograph of a Rufous-and-white Wren by David Bradley, db63@waikato.ac.nz.
