BioOne Complete (complete.BioOne.org) is a full-text database of 200 subscribed and open-access titles in the biological, ecological, and environmental sciences published by nonprofit societies, associations, museums, institutions, and presses.

Your use of this PDF, the BioOne Complete website, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at www.bioone.org/terms-of-use.

BioOne sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to

CONTENTS
125(4): 507–656

RESEARCH ARTICLES

- 507 Ana Fávoro, Guilherme Ramos Demetrio and Flávia de Freitas Coelho
Size-dependent reproductive investment in a tropical cyanolichen
- 513 Sam Brinker, Ann M. Evankow and Einar Timdal
Rhizoplaca ouimetensis sp. nov. (Lecanoraceae) from Ontario, the first sorediate species in the genus
- 524 Richard H. Zander
Short Communication: *Hyophila javanica* (Pottiaceae) of eastern Asia is *Hyophila involuta*
- 528 Rafael Medina, Matthew G. Johnson, Nikisha Patel, Genevieve E. Tocci, David R. Toren and Bernard Goffinet
Vindication of *Physcomitrium pygmaeum* (Funariaceae), an elusive and endangered moss from North America's Great Basin
- 541 Ricardo Miranda-González, Frank Bungartz, Robert Lücking, Ester Gaya, Cléverton de Oliveira Mendonça, Carlos Viñas-Portilla, Marcela Eugenia da Silva Cáceres and María de los Angeles Herrera-Campos
Phylogeny of the *Pyrenula ochraceoflava* group (Pyrenulaceae) reveals near-cryptic diversification and the inclusion of the *Mazaediothecium album* aggregate
- 558 Robert Wyatt, Ann Stoneburner and Graham E. Wyatt
Evidence for entomophily in “Knothole Moss” (*Anacamptodon splachnoides*)
- 571 Jason Hollinger, Nastassja Noell, Arsen Gasparyan, Alan Rockefeller and Steven D. Leavitt
Two new species of *Anaptychia* (Physciaceae) from western North America, with notes on the other species of section *Protoanaptychia*
- 602 Marianna Marschall and Szidónia Sütő
Effects of desiccation rate and inhibition of protein synthesis and the violaxanthin cycle on the rewetting recovery of *Porella platyphylla*

RECENT LITERATURE

- 626 John J. Atwood, William R. Buck and John C. Brinda

THE BRYOLOGIST | 125(4): 507–656 | WINTER 2022

(ISSN 0007-2745)

A Journal of Bryology and Lichenology
THE BRYOLOGIST

VOLUME 125
NUMBER 4
WINTER 2022

GENERAL INFORMATION

THE BRYOLOGIST publishes research papers and reviews dealing with all aspects of bryology and lichenology. All manuscripts are reviewed by two or more referees before acceptance. Deadlines for the four issues are the 15th of February, May, August, and November. Manuscripts should be submitted electronically to The Bryologist online at <http://www.editorialmanager.com/bryologist/>. Instructions to authors and editor contact information is available at abls.org and at PeerTrack/bryologist. Email contact for the journal is: bryologist@peertrack.net

THE BRYOLOGIST (ISSN 0007-2745), a journal devoted to the study of bryophytes and lichens, is published quarterly by The American Bryological and Lichenological Society, Inc. Renew subscription and membership online at: <http://abls.allenpress.com/> ABLS. Annual dues for membership in the Society are US\$25 (\$10 for students; \$35 for families; \$1000 for lifetime). The 2019 cost for individuals to receive THE BRYOLOGIST is an additional \$45 (online only) or \$60 (hard copy and online), and to receive Evansia an additional \$15 (online only) or \$25 (hard copy and online). Members with non-U.S.A. & non-Canada addresses must pay an additional amount for mailing costs: \$25 per year for THE BRYOLOGIST and \$10 per year for Evansia. U.S.A. institutions may subscribe to THE BRYOLOGIST hard copy for \$160 per volume (\$190 for all other institutions). The cost for Evansia hard copy for U.S.A. institutions is \$70 (\$80 for all other institutions). Airmail delivery can be arranged for an additional fee; contact the ABLS Membership Services Office <http://abls.allenpress.com/> ABLS. Contact the Secretary with any other questions: Diane Haughland, Alberta Biodiversity Monitoring Institute, Royal Alberta Museum 9810 103a Ave NW, Edmonton, AB, T5J 0G2 Canada. E-mail: diane.haughland@gov.ab.ca

POSTMASTER: send address changes to ABLS Member Services, Allen Press, P.O. Box 7065, Lawrence, KS 66044.

The Bryologist and ABLS website is at <http://www.abls.org>

Cover illustration: Colony of *Physcomitrium pygmaeum* with young sporophytes growing by Pilgrim Lake, Nevada, U.S.A. (inset). This is the first verified presence of this species in 85 years. See article by Medina et al., page 528.
