BioOne Complete (complete.BioOne.org) is a full-text database of 200 subscribed and open-access titles in the biological, ecological, and environmental sciences published by nonprofit societies, associations, museums, institutions, and presses.

Your use of this PDF, the BioOne Complete website, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at www.bioone.org/terms-of-use.

Usage of BioOne Complete content is strictly limited to personal, educational, and non - commercial use. Commercial inquiries or rights and permissions requests should be directed to the individual publisher as copyright holder.

BioOne sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to critical research.

COMMENTS AND NEWS

ONLINE ACCESS FOR JOURNAL OF MAMMALOGY AND MAMMALIAN SPECIES

Journal of Mammalogy and *Mammalian Species* are available online to all ASM members with back issues available via JSTOR. Members will also receive print copies of the Journal for an annual membership fee of $75 for regular members ($55 for students), or they may elect to receive online only versions of both publications for an annual fee of $55 ($20 for members in developing countries). Institutions may subscribe at a rate of $270 for print and online access to the Journal, $95 for online-only access to *Mammalian Species*, or $325 for both publications.

PDF files for the first 823 *Mammalian Species* accounts (1969 to 2008) are also available online via the URL below: http://www.science.smith.edu/departments/Biology/VHAYSSEN/msi/default.html.

MAMMALIAN SPECIES ACCOUNTS

Approximately 24–26 accounts are planned for publication in 2012. Each account is 2–14 pages in length and reviews the biology of a particular species in a standard format.

Mammalian Species accounts are produced by assignment only. Upon written request to the Editor for *Mammalian Species*, exclusive privileges to produce an account will be granted for 2 years; a 1-year extension may be requested if a manuscript is near completion at the end of the initial assignment. At the Editor's discretion, assignments not submitted at the end of this period may be cancelled. A maximum of 5 species may be reserved at 1 time. No free copies are given to authors; page charges may be paid on a voluntary basis.

Mammalian Species is available online only to all ASM members, as of 2006; print copies will no longer be published. Orders for yearly sets of accounts within the past 5 years should be sent to Christy Classi, ASM Association Manager, 810 East 10th Street, P.O. Box 1897, Lawrence, KS 66044; 785-843-1235; FAX -1274; asm@allenpress.com. Individual accounts are no longer available for purchase. Requests for assignment of species and other editorial queries should be addressed to Meredith Hamilton, Editor of *Mammalian Species*, Department of Zoology, 501 Life Sciences West, Oklahoma State University, Stillwater, OK 74078, 405-744-9685; FAX -7824; meredith.hamilton@okstate.edu.

MAMMAL IMAGES LIBRARY

The Mammal Images Library is a non-profit educational service of the American Society of Mammalogists. The goal of the library is providing images of mammals for educational purposes worldwide. The present collection consists of 1,500 images depicting 800 species, 440 genera, 100 families, and 27 orders. More than 110,000 images are now in use at 3,000 institutions in about 50 countries. Images suitable for optical projection for nonprofit, educational purposes may be viewed and obtained on the Society's website at http://www.mammalogy.org/imagelibrary/index. Please remember to credit the photographer and the library if images are used for optical projection.

In addition to optical projection for nonprofit instruction, many of the images can be employed (with permission) for other purposes, including commercial uses. For permission to use images for purposes other than nonprofit optical projection, contact the committee chair: David Huckaby, California State University, Long Beach, Department of Biological Sciences, 1250 Bellflower Blvd., Long Beach, California 90840-3702; dhuckaby@csulb.edu; 562-985-4869; FAX 562-985-8878.

The Library continually seeks new images for the collection and urges anyone having images to contribute them. For information about contributing images, contact the committee chair. The committee thanks the hundreds of people that have contributed images thus far.

SPONSOR FUND

The International Relations Committee has devised a method of providing membership in ASM to mammalogists from outside the United States and Canada who wish to become members, but simply cannot afford to. Some members already sponsor ASM membership for foreign mammalogists on a continual basis. However, others who are unable to provide a full membership on a continual basis, may wish to contribute a partial membership or a full membership during some years. Such is now possible through contributions to the Sponsor Fund. The Fund will be handled as follows:

a. From time-to-time, a form on which a member can state his or her name, address, and amount of donation to the Sponsor Fund will be printed in the back of the *Journal of Mammalogy* and on the reverse of the mailing label that accompanies the Journal.
b. When money in the Fund reaches any multiple of the current amount for annual dues, dues for a mammalogist in need of sponsorship will be paid. Contributions will be used directly to sponsor foreign members: the Fund will not be of the type from which only the interest is used to pay memberships.
c. Money in the Fund will be managed through the Secretary-Treasurer's office.

Terms of Use: https://complete.bioone.org/terms-of-use

d. The Secretary-Treasurer shall be designated as the sponsor of record.
e. At the end of 3 years members of the International Relations Committee will verify that sponsored individuals still need and want sponsorship. Sponsorship from the Fund could extend to a maximum of 5 years.

Members should submit names and mailing and e-mail addresses of foreign mammalogists in need of sponsorship to the chair of the International Relations Committee: Duane Schlitter; happygd@suddenlink.net.

MAILING AND ADDRESS CHANGES

Members and subscribers are advised that the *Journal of Mammalogy* is mailed in February, April, June, August, October, and December. Address changes MUST be in the hands of Christy Classi, ASM Association Manager, 810 East 10th Street, P.O. Box 1897, Lawrence, KS 66044; 785-843-1235; FAX -1274; asm@allenpress.com by the 1st day of the month of mailing. United States addresses must have zip codes. Address changes are expedited if former address, with zip code, is included.

BUDDY SYSTEM FOR AUTHORS

ASM has a "buddy system" to assist authors who are not native English speakers. "Buddies" are mammalogists who have offered to preview manuscripts that need editorial revision for English. Authors interested in having a manuscript previewed should contact the Journal Editor or an Associate Editor for *Journal of Mammalogy*. Individuals interested in having their names added to the list of "buddies" should contact Alicia Linzey (avlinzey@frontier.com).

POSTDOCTORAL FELLOWSHIPS IN EVOLUTIONARY BIOLOGY AND RELATED FIELDS

We are now accepting proposals for Postdoctoral Fellowships at The National Evolutionary Synthesis Center (NESCent). We are looking to support innovative approaches to outstanding problems in evolutionary biology. Proposals are due December 1. For more information, please see our website at https://www.nescent.org/science/proposals.php.

CALL FOR PROPOSALS - SABBATICAL SCHOLARS, WORKING GROUPS AND CATALYSIS MEETINGS

Proposals for Sabbaticals, Working Groups and Catalysis Meetings are now being accepted at The National Evolutionary Synthesis Center (NESCent). We are looking to support innovative approaches to outstanding problems in evolutionary biology. In particular, proposals that have a clear interdisciplinary focus, or involve evolutionary concepts in non-traditional disciplines, are strongly encouraged, as are proposals that demonstrate international participation and a mix of senior and emerging researchers, including graduate students. Proposals are accepted twice a year, with deadlines on July 10 and December 1. Proposals for Sabbaticals may be for up to a full year. We also accept proposals for shortterm visits (2 weeks to 3 months; deadlines on January 1, April 1, July 1 and September 1). For more information, please see our website at https://www.nescent.org/science/proposals.php.

GRADUATE FELLOWSHIPS IN EVOLUTIONARY BIOLOGY AND RELATED FIELDS

NESCent is now including graduate training in its portfolio, by offering one-semester fellowships for graduate students to pursue research with a NESCent sabbatical scholar, a NESCent postdoctoral scholar, or a NESCent Working Group. Deadlines are January 1 (for a fall semester fellowship) and July 1 (for a spring semester fellowship). For more information, please see our website at https://www.nescent.org/science/proposals.php.

STUDENT TRAVEL AWARDS FOR THE INTERNATIONAL MAMMALOGICAL CONGRESS-11

The International Relations Committee of the American Society of Mammalogists is pleased to announce two grants of $500 each for student members who will be attending the 11th International Mammalogical Conference (IMC-11) in Belfast, Ireland, in August 2013. The grants will go to an undergraduate or graduate student member who will be giving an oral presentation or a poster. Further details, including information on applying for the grants, will be announced on the Society website, www.mammalogy.org, and in subsequent issues of *Journal of Mammalogy*. Information on IMC-11 can be found online at www.qub.ac.uk/sites/IMC11/. Questions may be sent to D. Schlitter, co-chair of the International Relations Committee (happygd@suddenlink.net).

CLASSIFIED ANNOUNCEMENTS

Copies of classified announcements should be submitted to the Advertising Manager, Allen Press, Inc., 810 East 10th Street, Lawrence, KS 66044; phone 800-627-0932, ext 262; FAX 785-843-1853; e-mail jriling@allenpress.com. These announcements must be received at least 2 months prior to the publication date and should specify the number of issues the announcement is to appear in. The charge will be $90.00 for 5 lines and $5.00 each additional line. This charge will be billed after each insertion.

TRANSLATIONS of Czech, German, Russian, and Slovak original texts. Have them done by a fellow mammalogist! Dr. Emil Kucera, 74 Deer Lodge Place,Winnipeg, Manitoba, Canada R3J 2B8, (204) 885-4071; www.kucera.mb.ca.
