## NOTICE

### **Membership in Waterfowl Diseases Section**

The first formal session of the Waterfowl Diseases Section of the Wildlife Disease Association met at Storrs, Connecticut, August 24, 1973. Dr. Louis Leibovitz was elected chairman. It was proposed that the Section work toward defining the importance of waterfowl diseases through surveillance and reporting of waterfowl "die-offs," summarize disease findings and work toward the coordination of diagnostic control efforts involving waterfowl diseases. A Section Policy Statement is presently being finalized by a 17-man committee and will serve as the guideline for the Section's activities. WDA members who would like to become part of this "action group" are invited to join the Waterfowl Diseases Section by sending their name to the chairman: Dr. Louis Leibovitz, Department of Avian Diseases, New York State Veterinary College, Cornell University, Ithaca, New York 14850.
