BioOne Complete (complete.BioOne.org) is a full-text database of 200 subscribed and open-access titles in the biological, ecological, and environmental sciences published by nonprofit societies, associations, museums, institutions, and presses.

Your use of this PDF, the BioOne Complete website, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at www.bioone.org/terms-of-use.

Usage of BioOne Complete content is strictly limited to personal, educational, and non - commercial use. Commercial inquiries or rights and permissions requests should be directed to the individual publisher as copyright holder.

BioOne sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to critical research.

CORRECTION

“PLASMA B-ESTERASE ACTIVITIES IN EUROPEAN RAPTORS” by Roy, et al. [*Journal of Wildlife Diseases* 41(1):184–208, 2005]. On p. 188, 0-dianiside should read o-dianisidine. In TABLE 1, the fourth column heading should read <6 mo instead of ≤ 6 mo. In TABLE 7, footnote b should read ≥ 3 instead of > 3 . In TABLES 8 and 9, N in the parameters column should be n . In TABLE 9, for the Lanner falcon, 0.533 should be deleted from column 2 of “Correlation”. In TABLE 9, for the Kestrel, column 2 of “Correlation”, the mean α -NAE should be 0.533. On page 205, paragraph 2, 3% should be 2.5%.
