

Index

A

- Abbreviata* spp. 349
- Abbreviata physignathi* 350
- abdominal cavity nematodes 297–8
- acanthocephalans
 - amphibians 365
 - birds 340
 - marine mammals 320
 - reptiles 358
 - terrestrial mammals 306
- Acanthopsylla rothschildi* 375
- Acremonium* spp. 183
- Acinetobacter calcoaceticus* 141
- Actinobacillus* spp.
 - birds 125
 - marine mammals 110
- Actinomyces* spp.
 - marine mammals 105, 107, 407
 - reptiles 139
 - terrestrial mammals 69–70
- Actinomyces bovis* 107, 407
- Acuaria (Dispharynx)* spp. 325, 328, 330, 332
- Acuaria skrjabini* 328
- Adelie penguin (*Pygoscelis adeliae*)
 - avian influenza (AI) 42
 - infectious bursal disease virus 45
 - interspecific and intraspecific injury 522
 - nutritional deficiency 499
- adenovirus
 - birds 37–8
 - marine mammals 27
 - reptiles 53–4
 - terrestrial mammals 11
- adiaspiromycosis
 - terrestrial mammals 161–2
- adrenal tumours 471
- Aerococcus viridans* 139
- Aeromonas hydrophila*
 - amphibians 151
 - chelonians 185
 - platypus 75
 - terrestrial mammals 75–6, 80
 - reptiles 140, 142, 144, 185, 391
- African clawed frog (*Xenopus laevis*) 151, 152, 507, 549
- African grey parrots (*Psittacus erithacus erithacus*)
 - 34, 43, 502
- agile (brown) antechinus (*Antechinus agilis*)
 - babesiosis 220
 - capture myopathy 511
 - cryptosporidiosis 215
 - demodecosis 371
 - Nicollina antechini* 303
 - Plagiorchis* sp. 305
 - stress 1, 2
 - Tetrabothriostrogylus mackerrasae* 292
 - toxoplasmosis 198
 - Woolleya* spp. 292
- agile wallaby (*Macropus agilis*)
 - amoebiasis 218
 - candidiasis 155
 - Chromobacterium violaceum* 82
 - cold or heat, excessive 521
 - congenital, genetic or suspected inherited diseases 490
 - dietary-related cataract 497
 - dermatomycoses 162
 - Durikainema macropi* 294
 - Eutrombicula hirsti* 372
 - hepatic and biliary nematodes 290
 - Labiostrongylus* sp. 286
 - lymphosarcoma 450
 - paramphistomiasis 305
 - poxvirus and papillomavirus 12
 - sarcoptic mange 368, 370, 371
 - Strongyloides* spp. 287
 - toxoplasmosis 197
 - trypanosomiasis 220
- albatross
 - Contraecum* spp. 326
 - Hepatozoon albatrossi* 254–5
- albinism 489
- Alcaligenes* sp. 126
- Alexandra's parrot *see* princess parrot
- algal toxicoses
 - amphibians 191
 - birds 180
 - marine mammals 171
 - reptiles 189
 - terrestrial mammals 165
- algal-associated diseases
 - amphibians 191–4
 - birds 173–80
