

Acknowledgments

I sincerely wish to thank all those who have contributed in many ways to the preparation and completion of this book. Chapters and sections were reviewed by Anders Barfod (Aarhus University, Denmark), William J. Baker (Royal Botanic Gardens Kew, UK), Bob Congdon (James Cook University, Townsville, Australia), Don Hodel (University of Southern California, USA), Nanette Hooker (James Cook University, Townsville, Australia), Neils Lunoe (Cairns, Australia), Larry Noblick (Montgomery Botanical Center, Florida, USA), Mike Pole (Queensland Herbarium, Australia), Alison Shapcott (University of the Sunshine Coast, Australia), Gary Wilson (Australian Tropical Herbarium, Australia), Stuart Worboys (Cairns, Australia) and Scott Zona (Florida International University, USA).

Images of palms were generously provided by William J. Baker (Royal Botanic Gardens Kew), Jeff Clausen (Christmas Island), Ian Hutton (Lord Howe Island), John Lok (New Zealand), Jeanne Price (Cooran, Qld), John G. Pritchard (Iron Range, Qld), David Tanswell (Brisbane, Qld), Jo Wilkens (Melbourne, Vic.) and the late Robert Tucker. They are individually acknowledged on the pages where their images are reproduced.

The following generously provided or assisted with images of herbarium specimens, portraits, literature and fossils: Helen Cohn (National Herbarium of Victoria), Ronald Clark (Herrenhausen Gardens), Piero Cuccuini (FI), Ewan Fordyce (University of Otago), Paul Forster (Queensland Herbarium), Wayne Gebert (National Herbarium of Victoria), Greg Jordan (University of Tasmania), Norbert Kilian (Berlin Herbarium), Pina Milne (National Herbarium of Victoria), Tony Orchard (ABLO 2009), Neville Pledge (South Australian Museum), Mike Pole (BRI), Ian Raine (GNS Science, New Zealand), A'mhara Russell

(James Cook University), Ota Sida (PR), Karin Schwabe (Dresden Botanic Garden), John Simes (GNS Science, New Zealand), Mikael Siverson (Western Australian Museum, Perth), Marianna Terezow (GNS Science, New Zealand), Roy Vickery (BM), Lynley Wallis (Flinders University), Karen Wilson (NSW), Ged Wren (Auckland Museum, New Zealand) and Scott Zona (Florida International University).

Access to living collections was provided by Chris Cole (Townsville Botanic Gardens, Qld), Mary Collins and Marilyn Griffiths (Fairchild Tropical Gardens, Florida, USA), Patrick Griffith and Larry Noblick (Montgomery Botanical Center, Florida, USA), Edi Heide and Barbara Lamont (Cairns, Qld), Will Kraa (Brisbane, Qld), Julie Roach (Townsville City Council, Qld), Stan Walkley (Burbengary, Qld) and David Warmington (Cairns Botanic Gardens, Qld).

Assistance with discussion and information was provided by John Conran (AD), John Dransfield (RBGKew), Andrew Ford (CNS), Betsy Jackes (JCT), Kath Prickett (Auckland Museum), Dian Latifah (JCT), Mike Macphail (ANU), Mike Pole (BRI), John and Jeanne Price (Cooran, Qld) and Tim Willing (Broome, WA).

Field work was funded by the Palm and Cycad Societies of Australia and the Brisbane Palm and Cycad Society. Maps were prepared by Mirjam Maughan, Australian Centre for Tropical Freshwater Research, James Cook University, Townsville.

Access to herbarium data and collections was provided by Gordon Guymmer (BRI), Pina Milne (MEL), Frank Zich (CNS), Betsy Jackes (JCT), Scott Zona (FTG), William J. Baker and John Dransfield (K).

Jenny Martin is lovingly thanked for her support and comfort, especially during field work.
