

## ACKNOWLEDGEMENTS

We thank Dr Peter Shaughnessy for his review of a draft and Dr David Slip for his review of the proofs. Extra photography was kindly supplied by Vincent Antony, Dr John Gibbens, Dr Michael Lynch, Tony Mitchell, Dr Richard Campbell, Dr Rachael Gray, Dr John Kirkwood, Jay Town, James Archibald, David Casper, Roy Hunt, David Hocking, Neville Johnson, Brad Page, Heidi Ahonen, Fran Solly, Warren Reed, Julia Back and Ken Mankey. Our respective organisations, Phillip Island Nature Parks and South Australian Research and Development Institute, supported our involvement with the book. We especially thank our wives (Marjolein, Jo) and kids (Jay, Emily, Max and Theo), who tolerated the restriction on our spare time. We greatly appreciated the editorial advice of Joy Window, and publication assistance from John Manger and Tracey Millen.
