

## Acknowledgements

Special thanks to James E. Heath who produced the line drawings to represent each genus along with encouragement and assistance with this project and numerous others in his more than 50 years of working with cicadas. The following people assisted with access to collections or checked collections for specimens: Jeffrey Barnes (NYSM), Cheryl Barr (EMEC), Richard Baumann (BYUC), Christy Bills and Eric Rickart (UMNH), Rob Brooks, George Byers and Karla Segelquist (SEMC), Richard Brown (MEMU), Paisley Cato (SDMC), Gregory Courtney (ISUI), Mike Douglas (ASUT), Marc Epstein and Richard Froeschner (USNM), K. G. Andy Hamilton (CNCI), Wilford Hanson (EMUS), Kenneth Hobson (OMNO), Jeff Honda (SJSC), Edward Johnson (SIIS), Paul Johnson (SDSU), Ke Chung Kim (PSUC), Boris Kondratieff (CSUC), Steven Krauth (IRCW), James Liebherr and Richard Hoebeke (CUIC), Michael May and Frank Carle (RUIC), Mark O'Brien (UMMZ), Carl Olson (UAIC), Philip Parillo (FMNH), Gary Parsons (MSUC), Norman Penny (CASC), Phil Perkins (MCZC), Jean-Marie Perron (ULQC), Edward Riley (TAMU), Mike Rosenzweig (VPIC), Andrey Sharkov (OSUC), Randall Schuh (AMNH), Otto Schwarz and Christine Boake (ECUT), Emily Sherbrooke (SWRS), James Stimmel (PADA), Mick Webb (BMNH), Jason Weintraub and Donald Azuma (ANSP), Weiping Xie (LACM), Doug Yanega (UCRC), Doug Yanega and Kathy Zeiders (INHS), and Richard Zack (WSUC). Doug Yanega provided useful discussions on application of the *Code*.

The SIIS, CASC, and the IRCW provided specimens to clarify synonymy. Dave Marshall kindly donated a paratype of *N. similaris apalachicola* and Jennifer Thomas (SEMC) provided a specimen of *M. harenosus* for illustration. Gerhild Packert provided access to equipment with which the type slides could be digitized, and Guillermo Morote scanned in the slides. Two anonymous reviewers and James Woolley made suggestions that improved the manuscript. AFS acknowledges the financial support of Sr. John Karen Frei of Barry University, a sabbatical leave at Barry University, Barry University Faculty Senate Mini-Grant, and a Collection Study Grant from the AMNH.
