The BioOne Digital Library (<https://bioone.org/>) provides worldwide distribution for more than 580 journals and eBooks from BioOne's community of over 150 nonprofit societies, research institutions, and university presses in the biological, ecological, and environmental sciences. The BioOne Digital Library encompasses the flagship aggregation BioOne Complete (<https://bioone.org/subscribe>), the BioOne Complete Archive (<https://bioone.org/archive>), and the BioOne eBooks program offerings ESA eBook Collection (<https://bioone.org/esa-ebooks>) and CSIRO Publishing BioSelect Collection (<https://bioone.org/csiro-ebooks>).

Your use of this PDF, the BioOne Digital Library, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at [www.bioone.org/terms-of-use](http://www.bioone.org/terms-of-use).

Usage of BioOne Digital Library content is strictly limited to personal, educational, and non-commercial use. Commercial inquiries or rights and permissions requests should be directed to the individual publisher as copyright holder.

---

BioOne is an innovative nonprofit that sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to critical research.

## CONTENTS

|                                                                                                                                                                                                                                                                                                   |     |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| POLYPHYLY IN <i>URBANUS</i> AND <i>ASTRAPTES</i> (HESPERIIDAE: EUDAMINAE) ASSESSED USING MITOCHONDRIAL DNA BARCODES, WITH A REINSTATED STATUS PROPOSED FOR <i>ACHALARUS</i> Edward Pfeiler, Mariana Ramírez Loustalot Laclette & Therese Ann Markow -----                                         | 85  |
| A SIMPLE METHOD FOR OBSERVING AND MEASURING HEART RATES IN LIVE ADULT MONARCHS ( <i>DANAUS PLEXIPPUS</i> ) AND OTHER LARGE BUTTERFLIES Andrew K. Davis & Sherayar Orakzai-----                                                                                                                    | 96  |
| QUANTIFYING WING SHAPE AND SIZE OF SATURNIID MOTHS WITH GEOMETRIC MORPHOMETRICS Minjia Zhong, Geena M. Hill, Juan P. Gomez, David Plotkin, Jesse R. Barber & Akito Y. Kawahara -----                                                                                                              | 99  |
| FOREST HABITAT REDUCES THE FLIGHT OF <i>PONTIA OCCIDENTALIS</i> (REAKIRT) (LEPIDOPTERA: PIERIDAE) RELATIVE TO ALPINE MEADOW HABITAT Stephen F. Matter, Corey Gargano, Kenneth I. Kim & Anne Wick -----                                                                                            | 108 |
| REPRODUCTIVE STRATEGIES AND LIFE HISTORY EVOLUTION OF SOME CALIFORNIA <i>SPEYERIA</i> (NYMPHALIDAE) Steven R. Sims & Arthur M. Shapiro-----                                                                                                                                                       | 114 |
| COMPARATIVE REPRODUCTIVE PERFORMANCE AND DIGESTIVE ENZYMATIC ACTIVITY OF <i>HELICOVERPA ARMIGERA</i> (NOCTUIDAE) ON SEVEN BEAN CULTIVARS Zahra Golparvar & Bahram Naseri -----                                                                                                                    | 121 |
| BUTTERFLY KLEPTOPARASITISM AND FIRST ACCOUNT OF IMMATURE STAGES, MYRMECOPHILY, AND BAMBOO HOST PLANT OF THE METALMARK <i>ADELOTYPA ANNULIFERA</i> (RIODINIDAE) Phillip J. Torres & Aaron F. Pomerantz-----                                                                                        | 130 |
| A NEW GENUS FOR <i>TORTRIX DRUANA</i> WALSINGHAM, 1914 AND A NEW SPECIES FROM THE NORTHERN NEOTROPICS (LEPIDOPTERA: TORTRICIDAE: COCHYLINI: EULIINA) Todd M. Gilligan & John W. Brown -----                                                                                                       | 139 |
| NEW INSIGHTS INTO THE SYSTEMATICS OF THE GENUS <i>POLYURA</i> BILLBERG, 1820 (NYMPHALIDAE, CHARAXINAE) WITH AN EMPHASIS ON THE <i>P. ATHAMAS</i> GROUP Emmanuel F.A. Toussaint, Jérôme Morinière, Athena Lam & Michael Balke -----                                                                | 145 |
| LARVAL POLYCHROMATISM IN THE NEOTROPICAL HAIRSTREAK <i>STRYMON BUBASTUS</i> (STOLL) (LYCAENIDAE, THECLINAE, EUMAEINI) ASSOCIATED WITH TWO NEWLY DOCUMENTED HOST PLANTS IN THE ATACAMA DESERT Héctor A. Vargas, Marcelo Vargas-Ortiz, Dante Bobadilla, Marcelo Duarte & Wilson Huanca-Mamani ----- | 153 |
| GENERAL NOTES                                                                                                                                                                                                                                                                                     |     |
| A NEW FOODPLANT FOR <i>HISTORIS ODIUS DIOUS</i> LAMAS, 1995 (NYMPHALIDAE: NYMPHALINAE) WITH SOME NOTES ON THE LIFE HISTORY IN SURINAME Hajo B.P.E. Gernaat, Joke Van Den Heuvel, & Tinde Van Anandel -----                                                                                        | 159 |
| HOST PLANT AND LATE LARVAL STAGES OF <i>HYPERCOMPE CUNIGUNDA</i> (EREBIDAE: ARCTHINAE) IN SURINAME Hajo B.P.E. Gernaat, Auke J. Hielkema, Elke Nijman & Tinde Van Anandel-----                                                                                                                    | 163 |
| FIRST NOTES ON THE LIFE HISTORY OF <i>EUPITHECIA TARAPACA</i> RINDGE (GEOMETRIDAE) ON THE WESTERN SLOPES OF THE ANDES OF NORTHERN CHILE Héctor A. Vargas -----                                                                                                                                    | 167 |
| <i>DEPRESSARIA DEPRESSANA</i> (FABRICIUS) (DEPRESSARIIDAE), NEW TO THE MIDWESTERN USA Terry Harrison, Charles A. E. Dean, Kyle Parks & May R. Berenbaum-----                                                                                                                                      | 169 |
| A NEW GENERIC ASSIGNMENT FOR <i>TORTRIX BABOQUAVARIANA</i> KEARFOTT, 1907 (LEPIDOPTERA: TORTRICIDAE) WITH COMMENTS ON ITS TRIBAL ASSIGNMENT John W. Brown -----                                                                                                                                   | 173 |
