The BioOne Digital Library (<https://bioone.org/>) provides worldwide distribution for more than 580 journals and eBooks from BioOne's community of over 150 nonprofit societies, research institutions, and university presses in the biological, ecological, and environmental sciences. The BioOne Digital Library encompasses the flagship aggregation BioOne Complete (<https://bioone.org/subscribe>), the BioOne Complete Archive (<https://bioone.org/archive>), and the BioOne eBooks program offerings ESA eBook Collection (<https://bioone.org/esa-ebooks>) and CSIRO Publishing BioSelect Collection (<https://bioone.org/csiro-ebooks>).

Your use of this PDF, the BioOne Digital Library, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at [www.bioone.org/terms-of-use](http://www.bioone.org/terms-of-use).

Usage of BioOne Digital Library content is strictly limited to personal, educational, and non-commercial use. Commercial inquiries or rights and permissions requests should be directed to the individual publisher as copyright holder.

---

BioOne is an innovative nonprofit that sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to critical research.

## Erratum

Itoki, N., T. Sakamoto, M. Hayashi, T. Takeda and A. Ishimatsu (2012) Morphological responses of mitochondria-rich cells to hypersaline environment in the Australian mudskipper, *Periophthalmus minutus*. Zool Sci 29(7): 444–449

After careful examination, the fish described as *Periophthalmus novaeguineensis* in the article above was confirmed to be *P. takita* [Jaafar and Larson (2008) Zool Sci 25(9): 946–952]. Accordingly, “*P. novaeguineensis*” in the above paper should be read as “*P. takita*”.
