Manuscripts in systematics must have an introduction. Taxonomic keys should use the format of vol. 72(2) (1989). Descriptions of new taxa should contain information that will distinguish them from related taxa including appropriate amendment of existing keys. Formal descriptions of taxa may be telegraphic; use of gender symbols is acceptable except for headings. All author names are to be in uppercase.

**TABLES AND FIGURES: Submit all figures and photographs as .jpg or .tiff files.** All figures and tables must be referenced in the text with Arabic numerals **in the order in which they appear in the text.** Table footnotes are written below the table and indicated as superscript Arabic numerals. Submit a title page and text in logical scientific order without any headings except "Summary" and "References Cited." Summary should be "abstract-like" and located at end of text.
