The BioOne Digital Library (<https://bioone.org/>) provides worldwide distribution for more than 580 journals and eBooks from BioOne's community of over 150 nonprofit societies, research institutions, and university presses in the biological, ecological, and environmental sciences. The BioOne Digital Library encompasses the flagship aggregation BioOne Complete (<https://bioone.org/subscribe>), the BioOne Complete Archive (<https://bioone.org/archive>), and the BioOne eBooks program offerings ESA eBook Collection (<https://bioone.org/esa-ebooks>) and CSIRO Publishing BioSelect Collection (<https://bioone.org/csiro-ebooks>).

Your use of this PDF, the BioOne Digital Library, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at www.bioone.org/terms-of-use.

Usage of BioOne Digital Library content is strictly limited to personal, educational, and non-commercial use. Commercial inquiries or rights and permissions requests should be directed to the individual publisher as copyright holder.

BioOne is an innovative nonprofit that sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to critical research.

**Corrigendum to Figure 4,
 Björnson et al 2012, MRD
 32(S1), page S53**

In the synthesis article by Björnson Gurung et al (2012) on “Global change and the world’s mountains—Research needs and emerging themes for sustainable development,” published in the Supplement Issue of *Mountain Research and Development* containing a selection of Perth II (Global Change and the World’s Mountains) conference papers, the editors introduced a mistake when

they edited the y-axis labels of graphs A–D in Figure 4. Instead of “Number of papers contributing to a Challenge,” all y-axis labels must read “Number of sessions.” The correct versions of Figure 4 and its caption are therefore shown below.

We apologize to the authors for this mistake, which was unfortunately not detected at proof stage. The online version of the article is now correct.
