BioOne Complete ([complete.BioOne.org](https://complete.BioOne.org)) is a full-text database of 200 subscribed and open-access titles in the biological, ecological, and environmental sciences published by nonprofit societies, associations, museums, institutions, and presses.

Your use of this PDF, the BioOne Complete website, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at [www.bioone.org/terms-of-use](https://www.bioone.org/terms-of-use).

Usage of BioOne Complete content is strictly limited to personal, educational, and non-commercial use. Commercial inquiries or rights and permissions requests should be directed to the individual publisher as copyright holder.

---

BioOne sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to critical research.

## Erratum

Berazaín Iturralde R. 2009: New species of *Cyrilla* (*Cyrillaceae*) from Cuba [Novitiae florae cubensis 31]. – *Willdenowia* 39: 121–140.

doi:10.3372/wi.39.39114

In this paper, erroneously, on p. 130 under Fig. 6 instead of the distribution map of *Cyrilla macrocarpa*, as stated in the caption, the distribution map of *C. lutgardae*, from Fig. 4, has been printed a second time. The corrected Fig. 6 is given below.

Fig. 6. *Cyrilla macrocarpa*, total known distribution.
